Our Suggestions

1. **LET YOUR FACE RECOVER** – any treatments on your face including waxing, dermabrasion, threading etc. should be done a minimum of two to three days before your wedding. This will allow plenty of time for your skin to recover!
2. **HAVE A FACIAL** - Anyone having make up services should gently exfoliate their face the day before to ensure a clean smooth canvas for the makeup artists. We suggest you book a beautiful facial the day before and then moisturize the morning of the wedding to hydrate your skin.
4. **AVOID THE SUN** – be careful in the sun prior to your wedding and be sun safe! Watch for bather marks or singlet marks on your shoulders! And worse still, do not get sunburnt.
5. **WE STRONGLY ENCOURAGE YOU TO HAVE A TRIAL** – send us photos and bring in photos you like of hairstyles and make up looks and then we can trial them out and work out the best look for you. This pre-wedding trial is perfect to get the hair trim you need, any other colour touch ups and to write down exactly what you want so you can relax on the day. This simply ensures the look is perfect and what you want without wasting time or causing frustration on your big day. A maximum of two looks will be achieved in this trial being 30 minutes each. Photos will be taken of the final choice. Should a bride not wish to have a trial, the bride needs to understand that only one hour is allocated to achieve the final result on your big day.
6. Before you sit in the chair for your make up and hair services, please make sure you have already dealt with your oral hygiene, have showered and used the bathroom, and put in your contact lenses (if applicable). Also, please make sure you are make-up free and your face is clean and you have not applied any products. We will prep your skin for you. On the actual wedding day, time is of the essence. Please ensure everyone's hair is clean, completely dry, and free from products. We advise washing your hair the night before and avoid heavy conditioners. If any of your bridal party have wet hair, they will be expected to help us dry it thoroughly before we start.

6. **DRESS IN WHITE** - Brides are recommended to wear white to their trial so they can see perfectly the look of their hair and make up.
7. **PAMPER YOURSELF AND REST UP** – getting enough sleep is so important in the lead up to your big day! Sleep helps you rejuvenate and that includes your skin! Keep this as part of your preparation, so you look and feel spectacular on your wedding day! We can tailor a great spa pre-wedding package for you including lots of massage to ensure you are looking and feeling your best!
8. **YOUR TOUCH UP BAG** – unless you have booked a makeup artist to be available all day, then we suggest you bring with you some of the essential cosmetics such as lipstick or gloss, face powder, blotting paper for excess shine, tissues, and of course breathe mints!
9. We suggest booking our makeup artist for your pre-wedding photo shoot and after wedding photo shoot to ensure flawless make up and a consistently immaculate hair style. Our makeup artist will stay active throughout the shoot paying close attention to your hair and makeup and acting as your personal stylist.
